**Public Comment:**

Sharon Maddox, VEC District Manager, appreciates the hospitality of being able to hold the CRWDB Meeting in such a nice facility, but suggests in the future, respectfully ask that the Board holds meetings in the Crater district. She also applauds Ryan Follett as the Executive Director—as a partner of the one stop—but as a request, we the need for the Adult Dislocated Worker program needs to happen. One company, in this month will be releasing 200 workers and that's 200 dislocated workers and we do not have a program to help them. So, she asks for the support of the Board to assist Ryan in any way that they can.

1. **State Branding** by *Sara Dunningan Executive Director of the State Workforce Board*

- An annual public policy poll conducted by VCU was done and two questions were asked:
  - Do you know what a workforce center is? 72% of people said “No”
  - Do you know what career opportunities are available in your community and how to get them? More than 80% of people said “No”
- \$337 Million was spend on Workforce development activities and Virginians aren’t aware of what exactly a workforce is or the services a workforce provides
- Virginia Career Works has four core values:
  - Access-*allowing the public to find you [Workforce Center]*
  - Trust-*customer wants to be able to count on you, they have to be able to count on you to do what you say you were going to do*
  - Support-*we need to let people know we’re there for them*
  - Innovation-*We’ve got to start being less rigid and showing the customer more of what we can do*
- Tested six names in the field, online surveys with businesses, job seekers and incumbent workers came up with a top two.
- Businesses preferred the name *Employ Virginia*
- Individuals chose-*Virginia Career Works*
- There are 61 One Stop Career centers across Virginia
- The Governor has committed \$460k to support local implementation, and request all local boards submit a local implementation plan
- Phase 1 of the implementation plan to be by August 31
- September is Workforce Development month and liked to schedule events all across the commonwealth that will engage businesses, job seekers, and celebrate workforce boards and elected officials
- Recie Smalls is the Crater Regions Brand Champion as each region has Brand Champion
- Branding culturation process is in the work and will provide support and resources to the regions, at the state level as much as possible, to continue to build the brand and create a unified brand and awareness
- Looking at strategic partnerships the closer we get to a state wide launch, to get the word out to businesses by connecting with the chamber of commerce and conversations with economic development partners
- From the local marketing perspective there will be a small budget in place for them
- Unemployment Insurance claimants, there are fewer than 24,000 statewide, but not accurate depiction of the people that require services from a workforce

- One Agency has responded to the proposal working with the city of Petersburg's Procurement office
